Sam Green Robbed

Safe blowers stole John Moore's tools from the railroad pump house at Grand Pass Wednesday night and broke into Sam Green's store and cracked his safe, the door being blown entirely off its hinges.

The cracksmen secured some \$50 in cash and also took several checks on local banks. Neither the tools, safe, drawers or checks had been found at time of going to press. Neither have we heard whether it was supposed to be local or foreign talent that did the job. — Malta Bend Qui Vive.

Bismark's Iron Nerve

Was the result of his splendid health. Indomitable will and tremendous energy are not found where stomach, liver, kidneys and bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at P. H. Franklin's drug store.

Helen Gould's Scholarship

Miss Helen Gould's Western scholarship in the New York University, composing a four years course at her expense to the young man who passed the highest examination, was won by Guy Mahle, of Eldorado, Kansas. There were a number of contestants from five states. Mr. Mahle graduated from the Eldorado high school last year and is a very bright young man. — E.

What Dr. Dysart Says

Dr. B. G. Dysart of Paris treated hundreds of cases of smallpox in the Confederate army and is probably as well posted on the disease as any physician in Missouri. People who are unduly excited about its appearance in Paris should read what he says about it, as follows:

"Just why people should become so panic-stricken over a little outbreak of smallpox is more than I can understand. It is really the least contagious of all contagious diseases because

it can be contracted only by actual contact or very close exposure to a patient in an advanced stage of the disease. With the precautions that have been taken at Paris there is practically not a particle of danger to people on the streets of Paris. In the Confederate army I treated hundreds of cases and never lost a case. As a general rule the pest tent was not over 50 feet from the other tents. As far as fatalities are concerned, an outbreak of measles is more to be dreaded than an outbreak of smallpox." — Paris Appeal.

No Right to Ugliness

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50c at P. H. Franklin's drug store.

To Awaken the Sleeper.

An attempt was made yesterday afternoon to stop the hypnotist's exhibition of Bert Banta, who slept yesterday in Howe's show window. It was said by Constable Riley, who acted in Marshall Asbury's absence as the La Plata Fair, in his place, that complaint had been made to Mayor Lamb that the exhibition was improper as Mr. Banta was dressed in pajamas. However, it was decided after a controversy between Messrs. Howe, Hypnotist Pauline, Mayor Lamb and Constable Riley to allow the sleeper to sleep unmolested by the law. — Macon Citizen.

His Life Was Saved

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all Throat and Lung trouble. Regular sizes 50c and \$1.00. Trial bottles free at P. H. Franklin's drug store; every bottle guaranteed.

The Street Fair Committee, who have worked so faithfully for weeks that the Fair should be a success, have succeeded in securing the Parks Music House Orchestra of Louisiana, Mo., who play well and their selections are all up-to-date. Their trombone solos will be a treat for all lovers of good music.

Beware of Ointments for Catarrh
that Contain Mercury.

as mercury will surely destroy the
cells of smell and completely derange
the whole system when entering it
through the mucous surfaces. Such ar-
ticles should never be used except on
prescriptions from reputable phys-
icians, as the damage they will do is
ten fold the good you can possibly de-
rive from them. Hall's Catarrh Cure,
manufactured by F. J. Cheney & Co.,
Toledo, O., contains no mercury, and
is taken internally, acting directly
upon the blood and mucous surfaces of
the system. In buying Hall's Catarrh
Cure be sure you get the genuine. It
is taken internally and is made in To-
ledo, Ohio by F. J. Cheney & Co.
